

FLYING FESTIVALS OF WARREN COUNTY &
WARREN COMMUNITY COLLEGE FOUNDATION

PRESENT THE

WARREN COUNTY HOT AIR

Dear Local Business Owner,

We are thrilled to announce the 5th full season of our aviation festivals at Warren Community College's Washington campus. These events showcase the wonders of ballooning while shining a spotlight on the cutting-edge Drone/Robotics/AI program at the College.

Since 2017, Warren Community College has been dedicated to building a world-class program that provides local youth with the opportunity to secure high-paying jobs upon graduation or transfer to other institutions. This initiative also benefits those looking to change careers, obtain certifications, or study online from anywhere in the world. New programs focus on food security and counter drone security—all valuable to our local communities and national success.

The events have attracted visitors from as far as Connecticut and Delaware since the first year, thanks to the popularity of balloons. This event not only promotes the College's program but also contributes to the growth of Warren County's economy in its appeal to future students, residents and employees.

We invite companies like yours to join us in supporting this program. By aligning your business with these events, you can showcase your commitment to the community and enhance your company's reputation and success.

If you're interested in advertising your business to thousands of spectators before, during, and even after the event through our marketing efforts, please review the sponsorship opportunities enclosed.

We hope you choose to be a part of these community-focused events and make a difference when it matters most! Contact Giulia Grotenhuis via email at giulia51@verizon.net or call/text 908-283-0721 to get involved today!

Sincerely,

Giulia Grotenhuis
Marketing Director
Flying Festivals of Warren County

2026 Flying Festivals of Warren County Hot Air Balloons Festivals at Warren Community College

Premium Sponsorship Packages

The Premium Sponsorship Packages on the following two pages are one price, to be represented at the events yearlong.

April 25, 2026: Area 57 This event is designed with youth in mind. Combat Robot competition is featured at Warren Tech School. The College’s Drone/Robots/AI program representatives are on hand to highlight program benefits.

June 6 & 7, 2026: The Hot Air Balloon, Arts & Crafts Festival This festival is designed to give local artisans an opportunity to sell their Arts & Crafts. Musical entertainment, food trucks, vendors, car show, combat robots and more.

September 19 & 20, 2026: The Hot Air Balloon, Fun & Games Festival Non-profits are invited to get creative and set up competitions/contests for their group’s fundraising. Musical entertainment, food trucks vendors, car show and balloon glow.
